## Why Argentina?

It is the perfect place to combine stunning scenery, and taste a different culture - it's very, very different from Europe-. For those who do not wish to spend all their time on the course, there are plenty of other activities on offer. Shop for leather goods, take a riding lesson or a period carriage ride.

The more athletic ones may wish to try a game of polo, at which the Argentinians are regarded the best players in the world.

### Where is it?

Southern South America, bordering the South Atlantic Ocean, between Chile and Uruguay.

### Which is the Capital?

Buenos Aires.

### When to go?

The Argentinean golf season runs from September to May, which is ideal for a winter break.

### Currency

Peso (ARS). One U.S. dollar equals approximately 3 Argentine pesos. One EURO equals approximately 4 Argentine pesos.

### Highlights:

Some of the most stunning landscapes in world golf.  
The steaks are huge, so carnivores will be in heaven.

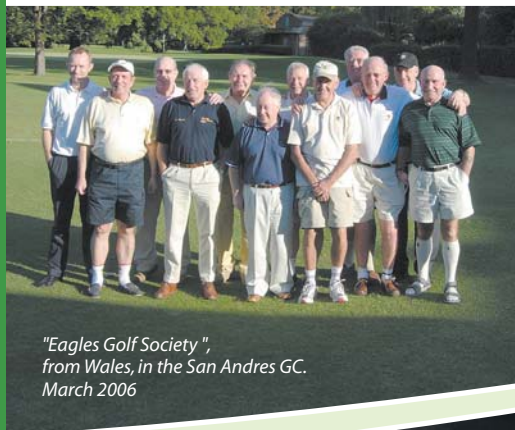

### Lowlights:

The average flight back from Argentina takes 12/13 hours from Europe or 9/10 hours from USA - a rather gruelling way to end a holiday.  
Plus you may tire of steak.

PROGRAM

One of the most sophisticated and elegant capital cities of South America, Buenos Aires is a wonderful place to visit.

The city as a destination is complete. Safe, inexpensive compared to Europe and elegant. Play 18 holes in the morning and then enjoy the city until sunrise!. For those who are interested in night life, Buenos Aires is the right place to go. Nightlife starts at 7 pm 7 days a week until 5 am. Hugging the central Easter coast is the capital city of Buenos Aires, the "Paris of South America", one of the world's largest cities and the continent's cultural and financial centre, grand avenues, old-time cafes, amazing restaurants and great value of money.

For the tourist, Buenos Aires delivers wander cobbled streets, marvelling at faded architectural glories and colourfully painted metal houses. Talk world politics and fútbol in atmospheric old ca-

fes. Tuck into one of the famous Argentinian steaks to power a long night's partying. Its numberless museums, art galleries, cinemas and theatres with national and international spectacles of high quality, are witnesses of its important cultural life. The Colon Theatre, for example, one of the most important lyrical theatres in the world, is seat, together with some other scenarios, of an intense musical activity that comprises all genres including, of course, the famous and typical Tango.

Buenos Aires has an intense commercial activity, reflected in numberless shops of the main world-famous branches, shop centres and commercial shoppings. Its nightlife is quite varied and extends up to the early hours. Discos, restaurants, cafeterias and many other attractions for all tastes are spread all around the city offering the tourist a large number of options.

## Highly exclusive Golf Vacations in Argentina

More amazing alternatives to add to Buenos Aires program.

Patagonia, the land of wonders, is a very big region taking up most of Southern Argentina.

▶ When the golf courses back home are buried in snowdrifts, the patagonian summer is in its glory with rolling golf greens surrounded by mountains peaks, crystal blue lakes and rushing rivers.

After stay in Buenos Aires a couple days playing golf, we suggest one of the most beautiful places of the world: **Patagonia**.

Undoubtedly this region suggests the most amazing latitudes of the globe. At the southernmost tips of continental Argentina, the Andean mountain Range shows a variety of natural beauties that will surprise tourist, among which glaciers, wonderful forest and lakes of glacier origin can be enjoyed.

In this area, you will play in the famous **Llao Llao GC** and in the **Arelauquen GC** This marvelous golf course combines perfectly with the valley of Gutierrez lake. A sweet grass composes the wavy fairways of this green paradise.

After Golf, to end the day, nothing beats the sauna, plunging into our indoor heated swimming pool later, and enjoying a couple of minutes of whirlpool, while watching the grand scenery, with the tranquility of the lake reflecting the woods surrounding it and, among those thousand shades of green and the deep blue of the sky, the majestic mount Tronador, with everlasting snow crowning it.

**The best time to enjoy this program:**  
**December to April**

### The Iguazu Falls and National Park offer the visitor an experience one-on-one with nature.

▶ Located on the river Iguazú, which forms the frontier between Argentina and Brazil, the waterfalls are made up of about 160 to 270 falls, depending on the volume of water the river carries.

They are higher, bigger and more beautiful than the Niagara Falls in the United States and the Victoria Falls in Africa.

The travelers can also see the waterfalls from below. The track leads among begonias, orchids, ferns and palms and one can see toucans, parrots and swifts and myriad of butterflies of all colors.

In this captivating place you will be able to play your favorite sport near the Great waters in a 18-hole course, par 72 and 6982 yard.
